*Ancient Wisdom - the Magic of Numbers* S Chandhran, 2019-06-27 This book conveys the ancient wisdom of the magic of numbers in an easy-to-understand format aimed at both the reader experienced in numerology and the uninitiated. This book covers how modern numerology grew and developed over the years, including how the term “numerology” came into use in the Western world. It uncovers how wisdom is based on numbers and explores whether mere mortals invented numbers as we know them today. Included also is the mystical aspect of the number zero and the presence of God everywhere, including in numbers that are used every day. At a practical level, the author shares the proper method of computing the final number from the date of birth and untangles the confusion of the mathematics involved in major number computation. Core numbers are also discussed to help readers work these out in their own lives and in the lives of their friends, families, and colleagues. Through his many years of experience, the author has had the privilege of studying many live cases. One of the most interesting among these is the numerology behind a pair of identical twins, which he reveals exclusively in this book.

*Numbo Jumbo* Srinivas Shastri,2023-05-27 I got interested in numerology at Chennai in 1990, where i stayed as a Paying Guest with a numerologist. Though i use it mostly for fun, there have been several key turning points in my Life where numerology played a critical part In 2020, i mashed Numbo Jumbo with The New Astrology™ of Suzanne White, which itself is a delightful blend of the Western and Chinese zodiac signs, to create the Athena Dossier, for a more complete understanding of a person given their Date of Birth and Name
